Choosing the Right Size

Body measurements are given in inches. If your body measurement is on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit.

If your body measurements for chest and waist result in two different suggested sizes, order the size from your chest measurement.

HOW TO MEASURE YOUR BODY FOR TOPS

1. Chest

Measure around the fullest part, across the chest points, keeping the tape horizontal.

2. Waist

Measure around the narrowest part (typically the small of your back and where your body bends side to side), keeping the tape horizontal.

3. Hip

Measure around the fullest part of your hips, keeping the tape horizontal.
